

TABLES:

ELEMENTS MAKING UP THE LINE:

DESKS, TYPING TABLES, EXTENSIONS ON CARRYING PEDESTAL, CONFERENCE TABLES AND COFFEE TABLES.

Working tops 25 mm thick made of wood conglomerate coated with cherry or mahogany coloured laminate with front rounded edges in post-forming and side edges in ABS 2 mm thick. Black lacquered MDF shaped profiles attached under the perimeter of the working tops. Panelled legs 25 mm thick made of wood conglomerate coated with mat black melamine and mat black lacquered MDF profiles applied to the vertical edges. Aluminium coloured ABS corner feet protectors. The modesty panel is made of wood conglomerate 18 mm thick coated in cherry or mahogany coloured melamine.

The working top of the extensions has a shaped under-part made of MDF 18 mm, lacquered in mat black.

The wide-base metal column for conference tables is made of tubular metal, diameter 130 mm with top plate 4 mm thick and cold formed sheet metal base diameter 600 mm. All embossed black coloured.

The extension on carrying pedestal has a metal plate 3 mm thick made of cold formed sheet metal varnished in mat black for the connection with the desk. For carrying pedestal's characteristics: see pedestals.

COFFEE TABLES.

The table tops are the same as the ones of the desks but without the MDF profiles. Frame (panelled legs + modesty panel 25 mm thick) made of wood conglomerate coated with mat black melamine with flat edges.

PEDESTALS:

PEDESTAL ON CASTORS AND CARRYING PEDESTAL.

They are made of wood conglomerate coated with cherry or mahogany coloured laminate and melamine. Body in 18 mm thick melamine. Top in 25 mm thick laminate with a rounded front edge in post-forming and the remaining edges in ABS 2 mm thick. Drawers' front panels in melamine 18 mm thick with 2 mm thick ABS edge-profiles. The inside of the drawers 12 mm thick is coated with black PVC. Metal guides. The filing drawer is equipped with a metal rack for hanging folders interspace 33/39 cm. Lock with two keys, one of which bendable with black rubber key-cap. Black nylon castors.

Carrying pedestal with four mat black ABS spacers and two base frames with the same characteristics as the desks' legs.

TYPIST'S PEDESTAL.

Consisting of a body with 5 drawers (all made of black ABS).

SERVICE UNIT:

It is made of wood conglomerate coated with cherry or mahogany coloured laminate and melamine. Top in 25 mm thick laminate with rounded front edge in post-forming and the remaining edges in ABS 2 mm thick. Base in 25 mm thick melamine. Sides, partitions, adjustable shelves and back in 18 mm thick melamine; door and drawer fronts in 18 mm thick melamine with perimetrical edges in ABS 2 mm thick. The inside of the drawers 12 mm thick is lined with black PVC. Metal guides. Lock with two keys, one of which bendable with black rubber key-cap. Black nylon castors.

CONNECTION AND END ELEMENTS:

Working tops are made of MDF 25 mm thick black embossed-lacquered. The metal column is made of tubular metal, diameter 120 mm, with top plate 4 mm thick embossed black coloured and aluminium coloured ABS base cap, diameter 130 mm. Metal plates 1 mm thick varnished in mat black for the connections.

ACCESSORIES FOR TYPING DESKS AND EXTENSIONS:

Supports are available - round or curved shaped - made of MDF 25 mm thick black embossed-lacquered. Metal tubular supporting arms and top plate are varnished in mat black. Aluminium coloured metal protection ring.

STORAGE UNITS:

THE STORAGE UNITS ARE MODULAR, SUPERIMPOSABLE AND HAVE TO BE COMPLETED WITH TOPS, LATERAL SIDES AND BASE METAL FRAMES TO BE ORDERED SEPARATELY.

Storage units are available in different versions: open-fronted, with wing wooden doors, glass wing doors with frames, standard drawers and filing drawers. They consist of the following elements:

Bodies: they are made of wood conglomerate coated with anthracite coloured melamine. Top, base, sides and back are 18 mm thick with adjustable shelves 25 mm thick. Metal shelves are available (see components). Adjustable black ABS feet. Black base metal frame (optional).

Tops: they are made of wood conglomerate 25 mm thick coated with cherry or mahogany coloured laminate with a rounded front edge in post-forming and the remaining edges in ABS 2 mm thick.

Lateral sides: they are made of wood conglomerate 18 mm thick coated with cherry or mahogany coloured laminate 0,3 mm thick with vertical rounded front edge in post-forming.

Wooden wing doors: they are made of wood conglomerate 18 mm thick coated with cherry or mahogany coloured laminate 0,3 mm thick with edges in ABS 2 mm thick. The pair of low wooden doors and the fully high doors are equipped with lock and two keys, one of which bendable with black rubber key-cap. Adjustable metal hinges.

Glass wing doors with frames: medium or high doors with frame in anodised aluminium with smoke-grey "tempered" glass 4 mm thick without lock. Adjustable metal hinges.

Optional: medium doors only with smoke-grey "tempered" glass 5 mm thick without frame.

Drawers: drawer fronts in wood conglomerate 18 mm thick coated with cherry or mahogany coloured laminate 0,3 mm thick. The inside of the drawers 12 mm thick is lined with black PVC. Fully extractable metal guides. Lock with two keys, one of which bendable with black rubber key-cap.

Filing drawers: drawer fronts in wood conglomerate 18 mm thick coated with cherry or mahogany coloured laminate 0,3 mm thick. The metal rack contained in the drawer runs on fully extractable telescopic metal guides for fitting hanging folders interspace 33 cm for filing units L. 45 cm and interspace 33/39 cm for filing units L. 90 cm. Lock with two keys, one of which bendable with black rubber key-cap. The filing unit is provided with an anti-tilt device that does not allow to open the drawers simultaneously. It is possible to apply a "box" to the filing rack of each drawer to close it off; this "box" is made of black cold formed sheet metal and it is to be ordered separately (see Price List Accessories).

Mini-bar: capacity 42 litres. Equipped with a thermostat to control the temperature regulation. Ice compartment. Voltage 220/240 V. Power 70/90 W. Rear ventilation grille. Lock with two keys, one of which bendable with black rubber key-cap. Lateral compartment with shelf.

Wardrobe: supplied with a 25 mm thick melamine shelf and extractable chromium-plated coat-rack. Door equipped with lock with two keys, one of which bendable with black rubber key-cap.

ALUMINIUM COLOURED ABS HANDLES.

COLOUR FINISHINGS:
